EDUCATION

December 2021 - present	B.Tech (ECE) at NIT Silchar	(fy GPA: 8.5/10)
September 2021	Class 12th HSC Board	(93.5% HSC Board)
June 2019	Class 10th ICSE Board	(93.5% ICSE Board)

WORK EXPERIENCE

Web Development Intern Nov 2022 - present

Working in a paid internship in an IIT Delhi startup, designing web applications and providing our clients with an MVP to pilot their online presence.

Junior Web Developer, GDSC NITS May 2022 - present

I am part of the Google Developer Student Community, NIT Silchar, working as a junior member in the web development domain. Working with my seniors has given me a lot of exposure to a lot of useful technologies and group projects.

Junior Technical Member, ECS April 2022 - present

As a part of ECS (Electronics and Communication Society) I manage all the technical work given to me by seniors, including website development for ECS Society, hosting monthly hackathons and ppt making as well.

SOLO PROJECTS

RedTube - YouTube Clone [View Site](#)

- Fully functional youtube clone with responsive design made using React and Material UI (front-end).
- Rapid API and NodeJS used for getting video information(back-end).

Versa - Chat App [View Site](#)

- A lightweight and responsively designed Chat App made using React and TailwindCSS(front-end).
- Messages sent and received using Socket.io and Express and NodeJS.(back-end).

To Do list with noSQL Database [View Site](#)

- A to-do list website made using vanilla CSS and HTML(front-end).
- List Items are stored in a MongoDB Cluster using Mongoose(back-end).
